

Part 1 -The VALLEY of the 64th Night = THE HUMMINGBIRD & THE SPIRIT OF TIME - Channeled information by Sean Caulfield

Sharing the teachings of the NINTH WAVE, THE HUMMINGBIRD, THE SPIRIT OF TIME & NEW EARTH'S fragile birth of the Divine STAR LIGHT "Within".

The 16th June 2017 was, 4-Tijax/Flint = stability, cuts to truth, the Raven's cawing can be heard.

In terms of the NINTH WAVE UNIVERSAL FREQUENCY of the ancient Mayan calendar, on 19 June we reach the middle and the VALLEY of the 64th Night of the NINTH WAVE, we are in the deepest part of the valley, the WAVE recedes fully, the water goes back into the ocean to reintegrate, gather itself and transmutes in preparation for the next wave cycle, being the 65th Day that starts on the 29th of June, and on this day, 36 days before, the Sun on 24 May 2017 IGNITED THE ONE HEART FIRE in Cape Town, and every 36 days you are invited to light a ceremonial fire or a candle in alignment to the NINTH WAVE FREQUENCY OF THE HEART and be in union with the ONE HEART FIRE that holds the universal frequency of the open heart and humanities LOVE & caring for EARTH and all her relations..... Where we are tomorrow on 19 and the next day 20 June is 7-Imix/Alligator & 8-Ik/Wind respectively, being the middle of these 18 days and it is a time of introspection and a period of lull, it is a time to contemplate your consequences for your life and process the shadows of your Light. The overall 18 day wave that started on 11 June is held by 11-Men/Eagle, supports us by giving clarity for resolve like a flower just bloomed, and Eagle brings heightened aspirations and takes new aim, a time to ascend higher, see the larger view. At the same time we see in a 13 day wave held by Eagle, and we go into the 13th 20 day Uinal, a time of the fruits baring and the seeds being stimulated with a higher evolved more mature memory.

The NINTH WAVE is the highest of universal frequencies, that is slowly but surely taking over the reins of humanities destiny, and is only now since all the Nine Wave's of Creation reached fruition, or full maturity unto themselves, is this pulling everything in it, into full true DIAMOND LIGHT relation with everything in its mirror. This asks us to as best we can live flawlessly and examine where we can change our ways to BEING SACRED and living heart centered. The more we resist this the more we may attract a world of chaos and turmoil. As we let go and trust ourselves to surrender to our truth, it may bring up the memory of emotional self inflicted wounds and feel painful for our heart, but we are healing our

SOUL and the collective Soul. This is the only way to give BIRTH to NEW EARTH, as we enter the GOLDEN AGE. Hold the reaction "Within", and by this transmute and transcend. When you get this for yourself and truly understand how to walk this, you live in service to YOUR INNER LIGHT'S GUIDANCE, you will become very enthusiastic and passionate, your inner child will jump for joy and be happy....and your heart will fly like a Hummingbird...

Through the fragile certainty of the Hummingbird we are Sowing the Universal SEEDS of DIAMOND LIGHT TIME, surrendering to a time that is returning the Open Heart, from which we are learning to serve the greater interest's of the collective humanity through the transparency and honesty that our NEW EARTH is attempting to birth itself by. This can only happen when enough of a critical mass of an open heart surrender's itself to Creation's natural order of truth.

This text is of my Heart's sacred vibration.....and is especially for those who are feeling lost as to what their purpose of life on EARTH is, so you may find reason by a new quest of understanding the SPIRIT OF TIME.....and awaken yourself to feel the joy of life, like a HUMMINGBIRD.

The SPIRIT OF TIME is not physically driven, in fact anything that is driven from the physical dimension "only", disconnects you from your heart and the Will of the Spirit of the Creator of the multidimensional Universe that emanate's from "Within" the fragile Divine LIGHT inside you. This fragility is held by the Hummingbird that will close it's heart to a reaction that it feel's is ill. The SONG'S that resonate to the first Tone's of the Spirit of TIME are held by the Blue & Green Hummingbird's, this is according to the teaching's of the Aztec calendar that align to the Tzolkin Mayan calendar. In order for NEW EARTH to birth and transmute all ill, it must through the Hummingbird's TONE - being number's one and two in the 13 day Trecena - reclaim it's Universal identity, that aligns it's collective SOUL to understanding that it has a purpose, that allow's one to understand the purpose of being a pure heart of LOVE, emanating the LIFE-FORCE of the Light of Creation and shining our Star's Consciousness of self aware flawless maturity for all the Universe to SEE.... IN THE OCEAN OF GREAT MYSTERY.

We have been honored, Creation is trusting us even thou we mistrust her by being asleep to our DIVINE cause, however she knows that those who are spiritually awakened and strong will bravely help lead by the LIGHT of their Heart, so as to shine in service for self and inadvertently for all, and our Spirit

knows that the Creator is supporting us because Creation always supports that which walks true to self, this consciousness comes from the understanding of the teachings of the SPIRIT OF TIME..... The Light inside of us serves to transmute all its immature shadow aspects that don't trust to Sing the Song of the ONE HEART FIRE, the only request is to keep the Heart Open, like the San of the Kalahari, who live by an example of this, by aligning to the spirit of the land they call I,TORO' (Kalahari), known as the "Land of Great Thirst".

The answer to the eternal quest, weather it be consciously or unconsciously sort after, lies in the understanding of "TIME". The answer to the understanding of TIME, if not spiritual, brings Humanity as a UNIVERSAL SOUL to fall short of what the Creator asks us to be. In other words we must honour the Great Spirit inside of us to survive, but what does this mean? we can learn what this means from the ancient teachings and the indigenous peoples of Earth Mother's dreamtime landscape's, the Memory of how they lived has been almost forgotten, but to a Divine Schedule is returning, steadily growing the Soul to be stronger and stronger, so as to claim its sovereignty, by this we are ascending to higher and higher levels of awareness, so as to be in tune with Mother Earth's rising vibration of LOVE & LIGHT.

The immature MIND may not agree, but the Heart knows that the truth is that our TIMING system that we live by collectively on Earth is indoctrinated by a calendar and clock time that control's us by cutting us off from SPIRIT. This is all part of an old world view that thinks it needs to control to survive, the old world view has been our ultimate demise that has separated HUMANITY to a level of near self destruction, the old world view separates us from nature, from where we are born, this means that our umbilical chord is severed from our MOTHER that is trying to nurture us. Yet, paradoxically, all the adverse immature conflict's are all part of a DIVINE PLAN, allowing things to be seen for themselves and learned by, as EARTH'S children, how to be in right relation with Creation, but we will continue to feel the emotional wound if we fall short of honoring SPIRIT, and it is only by healing our spirit that we will resolve our karmic imbalances. There are varying spiritual modalities that will hold one in support, everything is a choice as to what works for you, yet the depth of this understanding of THE SPIRIT OF TIME can be seen for yourself in the template that the 9 Level Mayan calendar provides. A fast track to understanding this can be through reading the books of Dr Calleman - www.calleman.com. Especially for those who are feeling lost as to purpose, this may open the heart, which is a prerequisite for healing the Soul and feeling the

joy like a Hummingbird, it all returns to the HUMMINGBIRD'S medicine that emanates from the roots of the World's Tree, inside of us.

By understanding the CODE reflected in the Mayan calendar, as the MEMORY OF TIME'S evolutionary growth, we may contemplate and through humility learn the depth of what our purpose may be. We may see that we have been chosen to be here on Earth, so as to hold a responsibility of the highest order for Creation, and re-member that nothing is random, everything is reflected in a certain way for a reason, serving as a portal to TIME, through which life transcends to higher views, by Sowing the SEEDS of DIAMOND LIGHT TIME, which through a Flawless Self Awareness unites HEAVEN & EARTH to be in balance with the infinite UNIVERSE. Earth is a Portal of the infinite Universe connecting all life multidimensionally, holding the highest awareness of self, that can only exist in full mature truth through the DIAMOND LIGHT TIME WAVE'S, Divinely emanating by the NINTH WAVE of Creation. It is only the Ninth Wave that is Flawless, because the Tzolkin that built the EIGHT LOWER WAVES is not able to align to the Ninth Wave, because the 260 days Tzolkin does not fit inside the top of the 9th Level pyramid of TIME, being a Wave movement of just 234 days, holding the FLAWLESS Diamond Light codes that continually support Creation's evolution to transcend itself through all it's incomplete flaws and thus shape the destiny for humanity, but only if we let go of the Eight lower wave's of CREATION that we were for the most part born into, will this happen, by mastering the awareness of what the consciousness of the NINTH WAVE mean's.

In order to make sense of our life, so as for our sanity to be balanced, and things to feel good and happy, the understanding of who we are must not be made to seem complicated, because in truth it is simple, by being honest we can keep things simple and true to what makes sense when we align our Mind with our Heart..... It is our feeding on the immaturity of time that we exist by flawed drama, and this wants to take us off centre. Hence we do everything to our self and through our actions everything returns, like a boomerang, hence to blame others separates and may cause a dis-ease.

The Mayan calendar's consciousness can only be felt and understood fully in terms of it being looked at as a spiritual resonance of TIME, where each day holds a specific purpose in the Creation Story of Life, and from one day to the next we feel a shift that is constantly changing our environment, in turn each of the different sized MAYAN calendar WAVES of CREATION, that energetically move our life through TIME, can

be understood as aligning to our evolution's growth of the COSMIC TREE. In this COSMIC TREE all the specific sizes of the WAVES OF TIME, that all NINE of are 20 X smaller than the level below, align to each day and through this synchronicity weave the Cosmic tapestry together, so as to Divinely create the structure of the Universe to exist in truth to ITSELF. So to understand the Mayan calendar, don't look at it in the conventional way of looking at time, like the physically driven out of sync Gregorian calendar that pins you to our solar system's movement "only", or mechanical 12:60 clock TIME, but look at the Mayan calendar as a Universal Count of Days that transcends everything in the infinite Universe through 13 tones on each of the 9 levels, emanated by 9 different sized wave's of evolution's growth, the biggest of which arrive's full circle through an expanse of movement in TIME, being 16.4 Billion years, which recently completed in Oct 2011, when all Nine Wave's completed together, so as to exist in perfect union with each other, invoking the full maturity of DIAMOND LIGHT TIME. This growth divinely happen's through a specific sequence of number's and align's to a predetermined CODE OF MEMORY by which Creation has programmed itself to surpass all it's immature limitations on the highest level, this is what the supreme Creator is sowing through Humanity, and by this growing a fully mature Divine conduit to exist in truth to itself between Heaven and Earth, inside the heart of humanity, creating a rainbow bridge that align's us to infinite potential. By this SACRED Sowing of TIME, it can be understood that the outdated old pattern's of the past that keep us stuck when we resist change, are slowly but surely being dissolved by the shifting ETHERIC FIELD'S of Divine Light energy that CREATIVELY evolve's all life into becoming, seen in the Mayan calendar, and through the lens of "ONE UNIVERSAL HEART" where nothing is separate. It is only the mind that need's to separate so as to see things for what they are but paradoxically it is the mind that causes a self destruct when forgetting to look "Within" to the heart's truth that see's all as a mirror of ITSELF, treating everything how it treat's itself.

The Etheric Fields of Universal Light, that some of us feel and see more than other's, are what everything emanate's from, from Spirit manifesting physical, this encompasses a multidimensional view point, where everything in the moment is TIMELESS, the heart itself is centered in timelessness, yet it drives and is driven by evolution's movement that is growing the Cosmic TREE OF LIFE to be ONE unto Itself. The moment of the growth give's the perception of TIME, and we can align our mind to seeing this through the Heart's Sacred Beat. Everything is gravitationally pulled and pushed to weave into

itself as an aspect and an intention to Creation, this process fulfill's the purpose of condensing all immaturity so as to maturely bloom with the understanding of how to live as ONE HEART, by expanding itself flawlessly, through Creation's fully mature self awareness called DIAMOND LIGHT TIME.

The Mayan calendar may give you the keys to understanding the code of Universal TIME and hence the spirit of time, that when seen for oneself translate's to you as a Divine language, allowing one to work with this language to understand what our evolutionary growth is Divinely driven by, and that our journey has a direction we are being gravitationally pulled towards.... And to take it further if we can understand the code of the 9 Level Mayan calendar, and by this "forecast" how the wave's of time continue our evolutionary journey, we can tune into the frequency that allow's us to surf our life with ease and grace.

Living with an OPEN HEART is a prerequisite for healing the Soul and feeling the joy like a Hummingbird, it all returns to the HUMMINGBIRD'S medicine that emanates from the roots of the World's Tree, inside of us.

And this perspective is just the tip of the iceberg.... Enjoy the ah-ha of your HEART'S eternal quest.

Part 2 - The DIAMOND LIGHT Codes of Universal TIME - Sean Caulfield, 3 June 2017

In terms of evolution, our memory is coded by the Diamond LIGHT of UNIVERSAL TIME, this emanates our STAR CONSCIOUSNESS to shine sacredly. By the movement of Creation we are being processed and condensed, pulled to our Source Center "Within", transmuting all flaws, ever learning to coexist as One Heart of diversity.... reflecting the LIGHT Frequency of the Divine Universe that unify's Heaven on Earth.

3 June 2017, 4-Kan/Serpent, stabilizes the rising mature NEW EARTH energy from "Within".... from 24 May 2017 we are going through 18 days of the 64th Universal LIGHT cycle of the NINTH WAVE, opens to new Divine information, transmutes the MEMORY of immature patterns, transcend the limiting density... MANIFEST'S THE HIGHER LIGHT FREQUENCY'S OF THE HEART, aligns to 18 days of 10-Ix/Jaguar.

The maturity of TIME is bringing our consciousness to arrive at the highest platform, from where the NINTH WAVE emanates... Our SACRED common sense THOUGHT, that include the roots of the TREE OF LIFE of humanity and all Earth's relations and inhabitants, is ascending our collective spirit to live for the greater good of all life, gravitationally this growth in ""common sense"" awareness is pulling and shifting our mind to align with our heart, we are waking up to seeing ourselves for who we are, our Soul is starting to fully trust it's truth by transmuting all it's immature shadows... we are able to emanate doubtlessly, and arrive to understand the purpose of our true destiny in terms of our Universal role on Earth... the Source of Creation is activating a fully mature state of multidimensional LIGHT CONSCIOUSNESS to flow through the heart of Earth's highest self awareness, being humanity who hold the responsibility of DIAMOND LIGHT TIME... As we surrender to CREATION'S natural order and trust the truth of ourselves to allow, we ascend by holding the immature reaction's "within". We can understand that all the outer reaction's of an immature nature cause potential conflicts. Through IGNITING THE ONE HEART FIRE the masculine and feminine qualities "within" are unifying, reflecting the understanding of how to live PEACEFULLY and with a balance on EARTH. We are here to create Earth as a PORTAL OF PEACE & LOVE... The GATEWAY through which we communicate to our higher self is the frequency of the heart that from "Within" emanates to manifest the NINTH WAVE flawless code of Diamond LIGHT TIME.
