Divine Revelations - The Seed of True Universal Time, 9th WAVE'S 58th Day, 6th Nov 2016 - by Sean Caulfield

To the KEEPERS OF THE CREATORS FIRE OF TRUTH. On 6th November complete the 58th Universal Day of the 9th WAVE Mayan calendar's Universal resonance of Divine TIME that emanates from "Within" the Creators Fire of Truth within you. DIVINE Multidimensional REVELATIONS are bringing understandings for our LIGHT'S Awakening Universal MEMORY to grow in truth unto ITSELF.

I Sean Caulfield share with you Divine LIGHT guidance and sacred information that emanates from my Heart's Memory, I see this as the keys to unlocking doors that you can potentially walk through and evolve your understand of how to transmute and transcend barriers that once blocked you. It starts by remembering the MEMORY of a cyclical Cosmic rhythm that emanates to grow Creation from "Within" you and all Essence, in these Times it is very important to consciously align to this Cosmic growth for our Ascension and entry into the future LIGHT FREQUENCIES. Dedication is needed to be a "KEEPER OF THE CREATORS FIRE OF TRUTH" that brings you to stay true to yourself by understanding Creators Laws, in other words we LEARN to live true to our Heart that holds the FIRE and we thus live in service to Creations evolutionary LIGHT, that we trust to do for the greater good of ourselves and all Creation, thus the Universe sees you and acknowledges your dedication and humility and you attract and feel inner rewards.

Dear FRIENDS, the Divine Impulse of the infinite UNIVERSE is being communicated and disseminated, the impulse is naturally resonating to a mature Frequency of SURRENDER. Why this is happening is because the Universe always supports itself to continue and we can now let go and trust ourselves with the Divinely MATURE support that is here, Creation has invested a lot in us and has our best interest at HEART. Our purpose is to be the WAY SHOWERS, to be the Rainbow Warriors of the Light, to be the spiritually SACRED Pure self aware physical manifestations of the Universe living as Creation in Human form on Earth, the Universe is depending on us as much as we are depending on the Universe, this is so because nothing is separate, only our Mind makes us think so, a MATURE Mind lives through the HEART that in turn

lives spirituality through the Divine Will of Creation, nothing is then hidden and all is transparent and seen for what it is.

So as to continue its Evolution the Universe always surrenders and allows itself to go through a transformational DEATH, the Universe does this so as to trust itself to receive an impulse that gives birth to the New, this then completes the Sacred Hoop of life's cycles. As we live we are progressively growing our senses and this is raising our awareness higher and higher, we are journeying deeper and deeper into the subconscious reflection of the Infinite Universe, this is so as to receive the Creators Divine stimulus as an organic impulse from NATURE that feed our Mind and Heart with Mature information, to truly receive this new INFORMATION we have to SURRENDER and wilt to it, any control, manipulation, conflict or resistance stops our growth, so much so that if "it" does not surrender "it" kills itself anyhow, so ultimately the only way to continue is to let go, surrender, except and allow what the Divine Cosmic Plan of Creation is intending, this then cleans the Karmic residue of the lost soul and restores the balances. Ultimately this is what we as a humanity are learning to trust ourselves to live by. THIS IS THE DANCE THAT WE ARE DREAMING AWAKE and subconsciously intending through the Fire of Truth, Also known as 13-Ahau/Sun/Light.

My intuition aligns me to my Heart that is fed information to be understood, and is channelled from the Creators Angels of unconditional Love who hold the WISDOM and Memory of Universal LIGHT and are working with Humanity to Create EARTH as a Portal of UNIVERSAL PEACE in the physical dimension, as we DREAM this into being the whole Universe will be at PEACE with Itself and WITHIN ITSELF, all separation with dissolve, the veils that have been blinding us to the truth will have fully lifted, all will have evolved to understand how to exists in transparent TRUTH, all will resonate to equality, all dimensions will resonate to ONENESS, is this to far fetched? For myself Sean Caulfield I see this reality Dawning on our Horizon, as we surrender Creation is Evolving us to collectively live in Heaven on Earth, Paradise is being realised and dreamed.

The Creators SEED OF TIME has grown life to its fruition but because of manipulations we have distorted our growth to its detriment, as we arrive at the self aware precipice of the Pyramid of Universal Time we are now able to see this and CHANGE our fate to align to its true destiny

of LOVE, PEACE & ONENESS.

I share with you THOUGHTS on the 58th Universal DAY of the 9th WAVE - an 18 day cycle of 9+9 from 20th Oct to 6th Nov 2016.

THE 9th WAVE resonance emanates to the most mature "Seeds of TIME" and is True to the MEMORY of the Creator's first intentions. Thus the Creators originally coded Timeless Memory held by the first Primordial Ancient "SEED OF TIME" is only NOW since 2011 emanating to its full MATURITY, Billions of years ago before the BIG BANG the SEED was planted and this sparked a creative impulse that has been processing itself to get stronger and stronger from "Within" everything and is now pulling all that is out of tune with the frequency of the Divine Universe to let go of the immature self aware aspects of the MIND, thus changing "Itself" to live in Right Relation with a Divinely Mature HEART. As more and more people choose to wake up and hold their LIGHT in a divinely true mature way, the more it will build enough of a momentum for a critical mass to shift, transmute and transform all that is out of sync with Creations Divine WILL. As these shifting moments gradually pull all into Alignment with Source Creator we will bare witness to the fulfilment of the Divine Plan. The Divine Plan of the Cosmos is to dissolve all the separations of the physical dimension so that all can live as ONE HEART.

The current Tun 360 day Mayan calendar cycle of the so called 10th Day of the 8th Wave is held by 6-Keme/Death, this below link to a graphic of a large continuing Tzolkin gives understandings as to these 360 days aligning to 6-Keme, of which this resonance of cyclical growth creates flow for a build up of momentum to transform resurrect and birth a New Time of Mature truth unto ITSELF, this is opening the door to the GOLDEN AGE. As I write this today is the 27th Oct and on the traditional 260 Tzolkin cycle it is also 6-Keme/Death. [http://theuniversalfrequency.com/wp-content/uploads/2015/07/8th\\_9th\\_Levels\\_continuation.jpg](http://theuniversalfrequency.com/wp-content/uploads/2015/07/8th_9th_Levels_continuation.jpg)

In order to cope through the past processes that our evolutionary growth has ascended us, our MEMORY at times was blinded by the immaturity of ITSELF, this has caused a great Paradox where we have become extremely ignorant and we have forgotten to align to the Divine Creator for the nourishment of our HEART'S journey to ONENESS and

PEACE, this forgetfulness has caused Humanity to virtually self destruct, but against all odds we are rising from the ashes to Awaken the FULL Memory of the Creator's first Original SEEDS OF TRUE TIME, this is birthing Humanity to be fully conscious of the purpose of LIFE. We are to hold the responsibility of living SACREDLY as Creation in Human form. Part of this responsibility is to acknowledge and give gratitude to all my Shamanic teachers, seen and unseen. Also to offer Tobacco and Corn in appreciation to the rising Source Creator Sun, 13-Ahau/Light.

If nature has been changed from what Creation originally intended, it means it has been manipulated by an immature Mind, this makes it inorganic and off centre from the MEMORY it initially held from the original intentions of the Creator's first "SEED OF TIME, thus the Memory is not true to the Creator's intent. Our job is to see where we have allowed for this in our WORLD and change our ways to be in right relation with Creations PUREST OF MEMORIES, which are ONE with the Divine Plan.

Anything that lives in tune with the original intention of Creation lives with a Memory that is true to ITSELF, this is an organic MEMORY that emanates from the food of nature and holds a true reflection of the UNIVERSE. There has been so much manipulation that has distorted the Memory of the CREATORS "SEEDS OF TIME" and this has inadvertently taken humanity off course from its Centre, especially when it comes to the food we eat that holds the MEMORY of the Universe that we are digesting. Through GMO'S our digestion has not been fed with the nourishment of an Organic Memory that is needed to break the illusionary boundaries, this is holding our ascension process back, humanity has changed the Memory of the Creator's Seeds of True Spiritual TIME so that the plant can grow quicker and thus more can be harvested in less time, this is because of selfish consumerism. In a sense we are being harvested by a distorted aspect of ourselves that is SOULLESS because the Seed does not have Full MEMORY.

Also as important to be aware of is the Cycles of the Seeds that have grown the food, HUMANITY has changed the cycles and changed the "Seed of Time" reflected in the Sacred Tzolkin Mayan calendar and by changing the Tzolkin, it is like manipulating the MEMORY of food, because food grows by Divine Time. The centre of the Tzolkin 260 day cycle emanates from MAIZE, and what emanates from Maize is a

resonance of Humanities consciousness, the Maya would offer Maize to the Creator Deities from the altars of the FIRE ceremonies.

If you study the 260 day Tzolkin cycle of 13x20 days you will understand what I am saying, I am born into 2-Eb/Road on the true Tzolkin 260 day count. The ceremonial Day Keepers of the Maya of Central America may not have conceived of changing the Memory of the SEED OF CREATORS TIME cycles, simply because this would distort their Memory and shift the ceremonial alignment to be out of sync with Creation and all previous ceremonies of the Ancestors of the Maya Day Keepers of the Creators Time. However, I see the changing of the Tzolkin as a reflection of the unconscious incomplete understanding of the importance to keep true to the Creators original Seeds of intent. Those who are doing ceremony to a changed Mayan calendar, I ask why it is needed, nobody has explained why it was changed, people who are none the wiser about the manipulated Mayan calendar are just puppets and dogmatically excepting without understanding what it means to be honouring an off centred timing system that also does not align to the Tun Mayan calendar that built the structure of the 9 Level pyramid of Divine Time. Yet, I stand to be corrected, but I do need to question. When I was in Guatemala doing ceremony with the Maya Elders at the Temple City of Tikal, they kept true to the original Tzolkin count of days that has been aligned to for 1000's of years. Where ever I work in ceremony I sacredly in my Heart keep true to the Tzolkin that holds the Seed of the True MEMORY of Time's Universal Creation. There are thousands of people keeping centred to an irregular off centred changed Mayan calendar Tzolkin, and it seems to be ok for them, but I think it's because of misinformation that does not give all the transparently needed reasons for its purpose to being off sync? My view sees that this ceremonial honouring is off centre from Creations natural rhythm that align to the Memory of the "Seed of Time", this thus is a reflection of the Memory of food that is grown by TIME, being manipulated and off centre. Although, this is my view but as long as it is done sacredly and for the right reason and without Dogma's involved and through the Source Light of Creator FIRE OF TRUTH, then ok, their is a Divine reason and purpose to a changed Mayan calendar. No matter what happens the Creator will bring all into right relation anyhow, and what is unfolding now has a purpose, so as to allow us to see for ourselves how off centre we are collectively. Hence to me the purpose of something separate from its truth is to wake ITSELF up to seeing this for itself.

Perception is everything and I have spoken to a lot of people about the Mayan calendar being changed, I have spoken to Mayan calendar Authorities and all agree that it should not be changed, because it is sacred, like nature, we leave it to be SACRED, it is not sacred if we change it. But the most important thing is to ask ourselves what is our truth and to feel what the future is supporting for ourselves.

THE BIGGEST INTENTION EVER TO SHIFT ""TIME"" TO RETURN TO THE CENTRE CAN BE ACHIEVED, if it is agreed by all to let go of a non sacred Mayan calendar that has been changed from its originally sacred rhythm and MEMORY and rather trust to realign to the true Mayan calendar Tzolkin that reflects the truth of the infinite Universe. And as this happens as a reflection in our Hearts that aligns to the Divine Universe we will shift this world to the Centre Source LIGHT of the Creators Will, by this we will transmute all the immature Memory that is at a discord to nature flow and we will then live without processed and GMO manipulated foods.

Further THOUGHTS...

If you are feeling strange it is an ASCENSION symptom resulting from an energetic shift in consciousness that is ascending our LIGHT BODY to let go of physical densities that are holding us back, these densities are immature residues of Time or incomplete growths, the shift is felt in the body as a change in pressure, we are continually decompressing to travel higher and lighter so as to equalise with the frequencies Creation is evolving our life by, that is asking of us to live with mature energies of TIME, or complete growth's to fruition, so as to activate the SEED with its FULL MEMORY. Without full memory our future will stay stuck in conflict of immature residues and our soul will stay confused and lost, this is causing great pain in our lives.

You may not notice any CHANGE if you are not sensitive but it's to do with an arriving frequency of higher Universal resonance that evolution is advancing us by, if we keep ourselves centred in the lower "base" chakras and earthly physical addictions we might stay behind and not ascend. We may feel scattered if we are not centred in higher Universal frequency chakras, our emotions are triggered to want to react to trivial things when we are centred in earthly dramas that want to trap our

Soul.

It's best to find quiet time and meditate, see yourself walking on a beach, notice the BLUE OCEAN and white sands. See palm trees and mountains. Breathe in the fresh air and feel appreciation for the gift of life. See Dolphins jumping out of the water, notice an EAGLE flying high.

The Universal Frequency of Creation is shifting life ever closer to the centre, as this happens we see everything for what it is, we see all that was previously hidden, we start to live in a true and transparent world of sacred intent that lives through the Source Creators Divine LIGHT of impeccability. The shift through the Source Light can possibly be felt in your senses and may have been triggered over the past 2 weeks since we entered the new 18 day cycle of the 9th WAVE on 20th Oct, being the 58th Universal Day held by 11-Ik/Wind, clarity brings resolve for "Ik" to communicate and disseminate the new rising Divine phenomenon. The "Lord of Dust" brings the Wind of CHANGE to blow away old outdated patterns and blow in new support for our growth.

Where and how the different size Tzolkin's intersect and align is relevant too, especially now as all cycles evolve and continue in full maturity to themselves and are transmuting all immature reflections of themselves. This is a graphic of a large Tzolkin of 4680 days being 260x18 held by a primordial resonance that is activating the SEED OF THE CREATOR to live in truth into itself. [http://theuniversalfrequency.com/wp-content/uploads/2015/07/8th\\_9th\\_Levels\\_continuation.jpg](http://theuniversalfrequency.com/wp-content/uploads/2015/07/8th_9th_Levels_continuation.jpg)

We are at the same time at the effect of so many Divine influences, the Moon being a very big pull on our emotional body, with the Moon having waned we went "Within" to look at the subconscious MEMORY of TIME that reveals what is hidden, with the New moon on Sunday 30th Oct and the subsequent waxing we together with the surge in energy of the 58th Universal Day of the 9th Wave are feeling very high LIGHT resonances bringing new Divine Stimulus to advance us as a humanity, a further surge of higher incoming energy is arriving with the 10th Galactic Day of the 8th Wave understood in a Tun 360 day cycle. This is the link to the article of the 10th Day - <https://web.facebook.com/mayanuniversalcalendar/photos/a.416003118496365.1073741826.415985961831414/1061483720614965/?type=1&theater>

With this very mature Divine Universal energy pulling at things to arrive full circle and into right relation we are needing to seriously not push away what is coming because it is asking us to deal with it or it will deal with us in a way that we may not like. What is coming is because of a flawed past that can now truly be seen for what it is and be corrected, it start with forgiving yourself, and then consciously choosing to make amends.

Having said and understood all the above, the bigger deliberating factor is the world's reflection on us, being the reflection that we see in our mirror of who we are "Within", things are very at odds, the essence of society is in a confused state of disarray, where one can see how it is caught up in a reoccurring merry go round of self inflicted trauma, the concern is that it does not realise that it is inflicting this trauma on itself, we as a human species are doing everything to ourselves because of a mind that for the most part is disconnected from its Divine Source Creator Light "Within", this Light holds the DIVINE wisdom that will bring further growth into a New World of LOVE & PEACE. HOW to birth our new Mature World comes back to understanding that our malnourished MEMORY, that is caused by a diet of bad foods which feeds our quality of blood, is needing to be cleansed of its impurity. This will then feed our Ascension process to grow to be in tune with the Will of Creation. The MEMORY of the first inhabitation of EARTH, who are the indigenous people and are the roots of the Tree of Life of Humanity, it is of profoundly importance to feed the people with good wholesome foods, this will bring a zest to return the Soul to want to align to a passion to ceremonially DANCE THE DREAM AWAKE and be One Heart with the SONG OF THE UNIVERSE.

Blessings
