30 March 2017 = midpoint of 360 day Tun = WEST - I am feeling my truth and trusting myself to SURF the Time Waves of Creation & tune into the understanding of the 9 Level Universal Wave calendar Frequency. From this ancient perspective I share how I see the weave together of TIME'S growth and the deeper consciousness of the understandings of the Cosmic TREE OF LIFE. The inner LIGHT is getting brighter and shining stronger than ever and transmuting all the immature shadow aspects of self.

Our Evolution can be seen to be continuing through the Universal Day Keeping of Creations TIME Wave's understood in the "Tzolkin" and the ancient "Tun" Mayan calendar systems weave together through the 9 Level Mayan calendar. It is not only the Mayan calendar it is the calendar of the first peoples of Central America being the Aztec, Olmec, Toltec and Maya etc.

From "Within" us the most ancient FIRE of Creations primordial intentions emanates in full maturity to the Universal Memory of our Creator's original SEED.

Through the walking of the Red Road and the Universal ONE HEART TEACHINGS of the Cosmic Tree of Light it can be understood that we are the result of the Creator's Star Seeds that has held the MEMORY of the Diamond LIGHT codes, igniting the FIRE'S OF FLAWLESSNESS and birthing the Golden Age of ONENESS on Earth, co-creating Earth as a fully mature self aware "Portal of Peace and Love".

On 4-Ahau, 30 March 2017, in terms of the 260 day Tzolkin it was the last day of 20 days, and in terms of the 360 day Tun it was the last day of 18 days and the last day of 180 days. We have reached the middle of the 360 days Tun, we are at the "point" of the WEST DIRECTION, symbolic of going "within" to seek the courage to trust our truth and let go, potentially transmuting and transcending with a feeling of being lighter and supported to raise ourselves higher.

With the NINTH WAVE emanating Divine Light-Force that the Mayan calendar aligns to it can be understood how Creations evolution continues. Hence the yin/yang Quetzalcoatl Serpent-Like Wave Movement of CREATIONS growth of the COSMIC TREE OF LIFE continues since all cycles of the Mayan calendar 9 Level Pyramid of TIME arrived at the top 9th Level and reached full maturity on 28 Oct 2011 = 13-Ahau/Light.

Since then on the Ninth-Wave levels continuation of 18 day long cycles of Light and 18 day long cycles of Dark, according to the Sacred Day Keeping of the 9 Level Mayan calendar, on 30th March 2017 we completed the "62nd Day" of an 18 day long cycle of LIGHT.

In terms of the Eighth-Wave level of continuing "Tun" 360 day long cycles of Light and 360 day long cycles of Dark, we arrived on 30 March at the middle point and 180th(West) day of the 360 day long 10th DAY cycle of LIGHT that started on 2nd October 2016.

Through humanity the Universe is playing out to it's Divine PURPOSE, Creations Divine Organic Evolution is driving our collective consciousness to higher and higher levels of understanding, this is birthing Humanity to Awaken itself and see what its role and purpose is in the Universal Cosmic play of life, individually we are growing in awareness to levels never yet seen or felt.... And sacredly we continue to evolve by the UNIVERSAL Serpent-Like wave movements of TIME'S DIVINE PLAN,

understood in the 9 level Mayan calendar.

There has never been a more important Time than "NOW", now is the Time to set our differences aside and work together as ONE collective Tree of Human Life. The San Bushmen hold the most ancient roots of the Tree of Human Life and live as an example through their humility and continued open hearted trust despite everything they have endured over the time of humanities blindness and disregard towards them. So that we can be here now it can be understood that they have lived from the beginnings of Time for a very good reason, the San hold the wisdom and records of Time for us now to understand and learn. In respect and honour of life, they knew to leave nature as it is and change themselves to be in tune with Earth's Natural Frequency, our western unconscious ways has through the rise of civilization changed nature, this has had great consequences. The San have an important role to play for the collective Tree of Human Life, and it is not only the San, all Indigenous first Nations peoples of Earth hold an important role in that if the roots are not looked after and nourished then the tree will not be able to support all with strength and clarity. Earth is raising her vibration and Humanity is at the same time awakening and raising its vibration and from her roots the FIRE will be lit for a collective FIRE symbolizing Love and Peace.

Aho...
