

## PHOENIX RISING UNITING - 2022

Ho'oponopono! Earth's QUANTUM EVOLUTION of Consciousness

4 March 2022, 10-Ahau/Light, the 360 days Tun midpoint(12th NIGHT)

Walking through the COSMIC PORTAL, shattering the distorted mirror of our reality, the Phoenix rises, the Quetzal unites the Condor and Eagle, the heart and mind unify to dissolve the imprints of duality and seed Heaven on Earth.

In terms of the Universal Creation Waves reflected in the Mayan calendar a BIG SHIFT POINT is 4 March 2022, 10-Ahau/Light, midpoint of the prophetic Tun 360 day calendar, midpoint of the 12th NIGHT of 8th Wave of the 9 Level Pyramid.

In these TIMES of condensed accelerated CHANGE it can be of benefit to have an understanding of the emanating energies at play, we are not talking about astrology that deals with the physical, we are talking about understanding the Mayan calendar's QUANTUM EVOLUTION of Consciousness, and how this can assist us on our journey. It shows that the ultimate consciousness of Universal ONENESS is filtering through. The very people that are fighting wars because they are being dictated to do so are possibly contemplating why, is it that there is a bigger reason, yet we can never condone the atrocities of war. The solution has to be diplomacy.

The LIGHT is working in paradoxical ways to transmute the dark and transcend everything by LOVE, everything is affected by the incoming high vibrational wave frequency of Universal ONENESS, as we walk through the portal, by looking within, we shatter the mirror of the distorted reality that especially the mainstream media feed our mind. The sacred SOURCE LIGHT energy is dissolving the duality of the mind to open our collective soul to the memory of the HEART. The memory of the HEART knows and is wise to the Cosmic story of Divine Time. Only the mind that is still evolving to live COMPLETE to Universal SOURCE Creator is separating us from each other. All tribes and cultures are one family of Earth's creative LOVE.

On 5 March, 13-Imox/Alligator, the Ninth Wave movement will shift into the NIGHT for 18 days. All Nine waves will be in the shadows(NIGHT). See the 9th Wave calculator - <http://www.xzone.com.au/9thwave.php>

4 March 2022 is a big date, it's the midpoint of the prophetic Tun 360 day ancient calendar, this has a bearing on various levels of consciousness, time moves into the west direction, the sun sets, initiating introspection and transformation. Also, on the 8th Wave, that aligns to the 8th Levels Galactic consciousness and is driven by the 360 day Tun, in terms of the 12th Night(360 days duration) reached its midpoint on 4 March. This can be said to be the biggest determining factor as the Quetzalcoatl sine-wave movement of full maturity in the 12th NIGHT is at its depths, at midnight so to speak. Here the energies are pulling consciousness inwards, to do inner reflection and soul healing work, to Dream time anew and in truth to itself, the Phoenix is rising to unite consciousness. A vulnerable collapsing energy is felt because for the new to rise something has to be surrendered. The next 180 days is metaphorically like the time between midnight and sunrise, the sunrise will be on 1st Sept 2022 at the beginning of the next Tun 360 days calendar cycle(the 13th Day).

Quantum Evolution Consciousness is the effect the INNER WORLD has on the Outer World. When we work with Ho'oponopono we are consciously working on our inner world, so as to heal and make right ourselves in relation to the outer world.

This writing is a sacred channel of COSMIC CONSCIOUSNESS that has come from years of the inner reflection of the codes embedded in the ancient Mayan calendar 9 Level Pyramid. The new consciousness rising, that humanity is awakening to, is QUANTUM EVOLUTION Consciousness, it emanates from within. It is multidimensional. It is intangible. Yet it is creating and shaping our world.

To a degree the ASTROLOGICAL aspects to Creation explain what is happening in the physical outer world. However, the spiritual inner world creates the outer physical dimension, so the inner QUANTUM codes that the Mayan calendar reflects are actually creating our WORLD before the outer astrological effects are experienced.

So, the consciousness of Quantum Evolution is the awareness and emanating growth of our INNER WORLD, mostly we are caught in what we see as our OUTER WORLD, this is actually the trap that

we play into and it cuts us off from the true reality inside of us. The outer world possesses our soul until we reclaim it by dancing in truth to the Cosmic Light of our Inner World. Quantum Evolution, that the 9 Level Mayan calendar aligns to is what the inner world is growing its awareness by. So, how do we understand it? It is all about the multi-layered codes that align to the energies that emanate from the inner world to create the physical outer world, in other words it is a multidimensional consciousness that is growing our human awareness to new heights of understanding. The 3rd dimension is but one dimension of many, yet it can be understood to be the most dense, and understood to be created from the multidimensional Universe. We are Creation in physical form, our mind is Universal, it has evolved to become self aware, we are the greatest mystery of TIME.

ON 4 MARCH 2022, is a shift point, understood to be bringing something new to emanate from within, from the void of Great Mystery. In this process Creation is surrendering its old outdated consciousness, the old density however may not want to surrender because it is bound in the duality of the physical dimension and thus struggles to understand reason beyond logic. However, to a Divine Cosmic evolutionary schedule the “inner understanding” is sparking our memory to awaken our mind, paradoxically by this we surrender the duality of the mind to be in the heart and are able to grow in truth to THE UNIVERSAL FREQUENCY Source Creators Light of Divine Time. Divine Time is true time, it is like a seed that has not been genetically modified, it is non manipulated. It is true to the flow of Nature.

It can be understood that Creations self aware mind is moving or walking THROUGH THE PORTAL OF UNIVERSAL TRUTH, the entry point in time started to open up when all the Creation waves converged, this moment was 28 Oct 2011 according to the Mayan dating system when all 9 Levels reached their precipice and the completion to 13-Ahau/Light, it's when Bolon Yokte'ku, the 9 Cosmic Forces, descended, emanating from within our collective consciousness to assist the FULL healing of our Universal Soul in physical form. At this time it can be understood the veils of separation began to dissolve or lift fully, the distorted illusion in the mirror of the physical began to shatter.

**WE ARE THE SEED OF THE LIGHT BECOMING THE FRUITS OF COSMIC MATURITY.**

It can be understood that the portal is scales of TIME, this can be seen in the continuous Creation waves of the 9 Levels, the difference is that after the completion in 2011 the waves are moving in truth

to the origins they were conceived by because they have reached the highest level of full Cosmic maturity, to 13-Ahau/Light. This truth is transmuting the poisons of human consciousness.

The scale of time that a portal consciousness is moving through is a new cycle of 260X18, the size of the 8th Level. The difference between this scale of time and it's predecessor is that it is fully mature, thus more than ever gradually our previous concept of reality is being shattered. Link to a graphic - [https://theuniversalfrequency.com/wp-content/uploads/2015/07/8th\\_\\_\\_9th\\_Levels\\_continuation.jpg](https://theuniversalfrequency.com/wp-content/uploads/2015/07/8th___9th_Levels_continuation.jpg)

The 8th Level of consciousness was 12.8 years from 1999 to 2011, it can be understood that the new cycle the size of it is from 2011 to 2024, it is a cycle of 13 x 360 days(Seed to Fruit), it is slowly but surely, as we go through it, connecting us to our Primordial Heart on a Galactic Universal level, it can be understood that this cycle is the one that is shifting consciousness to be humble and surrender the ego, it is washing away that which does not serve us. It is pulling the mind to live without tangibility, hence the transformation is creating a spiritually oriented NEW EARTH. The veils that we have been separated by are thus lifting. The illusion that the mind has brought our soul into, and sold it by, is dissolving. It is not easy for the conditioning of a mind that is so off center from the heart and gripped into the tangible world, but as we go through the portal of a cycle the size of the 8th Level our concept of reality is being shattered. Our Soul is being Divinely aligned to the SOURCE frequency of the Universe that has no filters to interrupt and manipulate us by, all can be forgiven because we have been going through a lot of growth in understanding for the past few thousand years and so many mistakes have been made.

P.S. Seeing the period from 2011 to 2024 as a new cycle the size of the 8th Level is my own view as an idea, it is not cast in stone so to speak. To me it gives guidance, as a large Tzolkin, to see the larger view of COSMIC destiny.

The DIVINE TIME processes are activating the memory of the primordial heart to awaken itself to shine and form the Diamond Light mind of high vibrational truth and sacred LOVE. Understanding and doing the inner work consciously, through meditation and tools like Ho'oponopono will give you sacred direction for your life to be at peace with itself.

It is inevitable that the TRUTH WILL RISE, all we can do is let go and allow with trust, that we are our

truth. Anything that is not our truth will be transmuted into LIGHT as we truly let go the mind and open the Heart. The Heart is where the Light enters to bring healing to the Soul.

So, as we walk through the portal, we shatter the distorted concept of our reality by activating an inner understanding, that the outer world is created from the inner world, if we allow the outer to create our reality and it is not aligned to our truth we give our Soul away.

The INNER WORLD is determined by a multidimensional consciousness, to access it we need to let go of our mind, we need to look within, here you will see who you truly are. You will see the reflection of your SOUL.

I surrender to be free.

In gratitude, Love and Light.

P.S. The Mayan calendar 9 Level Pyramid is not just a Calendar, it holds a code embedded in it that expresses to the student the understanding of the evolution of consciousness and that in this understanding we can better equip ourselves on our journey of life.
